To add or change breaks and project items, select the word “breaks” and you will see a box appear. You can go between breaks and Project items by selecting the tabs at the top.

Attendance

Break Time Project Code

14 Aug 2017 06:00:00 To 16:00:00

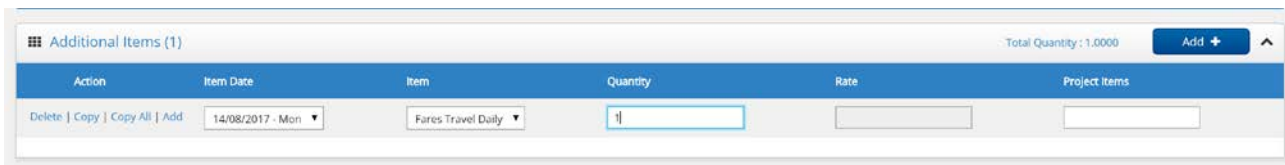

Break Time

Start Time End Time + -

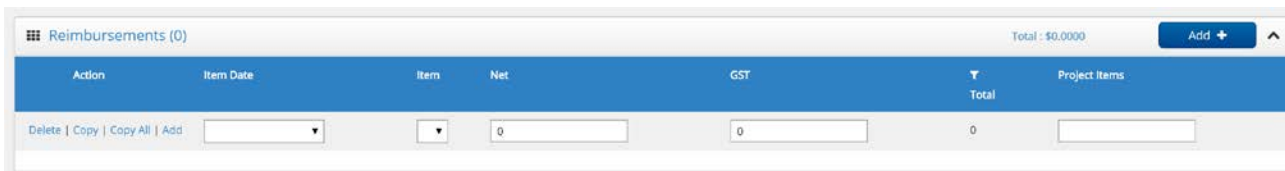

Save Cancel

Enter your details. Project items is used for any additional information you may need to include such as job codes, important notes. You can add more breaks or project items each day by selecting the + sign. You can also delete by pressing the rubbish bin.

You can also add additional items if they are applicable to your work, such as allowances, travel, etc. Use the additional items section and select add.

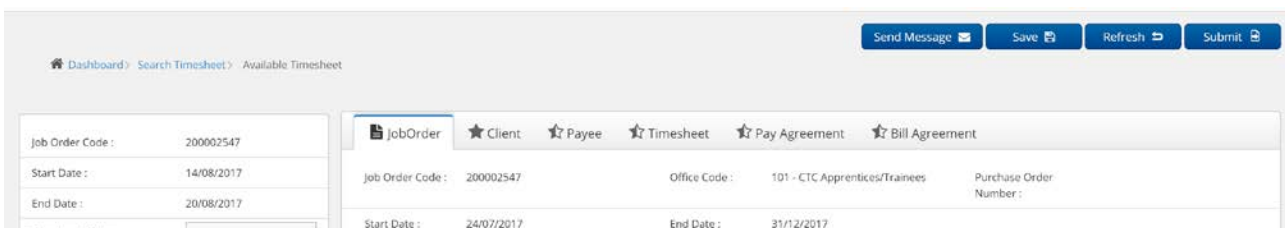

Reimbursements can be added in the Reimbursement section

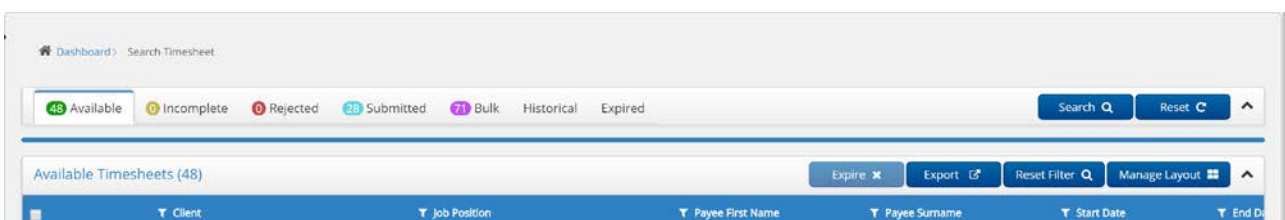

Once you have added all of your applicable details, review your timesheet to ensure that all times are correct and your total time is correct

Select save (at the top) if you would like to come back to it later or select submit if you would like to submit the timesheet for approval

If you select the save icon, you will be able to go back to your timesheet again later before you submit it. Please note, your timesheet **will not** be submitted if you save it. You will find your saved timesheet in the “incomplete” box along the top line

Once you have submitted your timesheet, it will then go to your supervisor for approval. Your supervisor may reject your timesheet due to an error, if this happens, you will be notified by email. You can then access your timesheet in the “Rejected” box along the top line
